Packing expertise

APM is renowned for the innovative packing techniques and fool-proof processes it has introduced to make relocation smooth & seamless operation.

Crockery: Special packing for your precious china protects it to ensure absolutely no chips, cracks and breaks.

Perfect Crate: Tailor-made wooden crates provide an additional safety dimension to your electronic goods such as TV, Washing Machine, and Refrigerator etc. And ensure all crates has to be fumigated.

Religious Articles: Respecting our sentiments, our packers maintain perfect hygiene when handling any prayer material, holy books idols etc., and take care to properly mark the cartons and place them on top of the load. Except UAE, only getting confirmation from overseas agent.

Labeling: All cartons are appropriately identified with stickers with room wise for easy identification and ease while unpacking.

Glass-Tube Packaging: A unique technique which prevents delicate glass edges and corners from chipping.

Hardware Box: All the nuts, bolts, screws, accessories etc., removed while dismantling items are kept safe in this box to be easily located at the time of unpacking.

Coat Carton: Special packing arrangement for our formal dresses ensures these are transported and delivered in impeccable condition and can be worn right away.

Air Ldn Van: Air Ldn vans are tailor made sturdy wooden boxes for storage of your goods for LCL consignments easy to use so your goods are safe and sound during international movement.

Butter / Tissue Paper: This is used for crockery, utensils, Painting and all, the fragile items for cushioning and safety.

Silica / Naphthalene balls: It is used as desiccant to control local humidity to avoid spoilage or degradation for clothes and other house hold items.
